The consent agenda includes the following:

Minutes of the May 16, 2022 regular council meeting, second pay period May checks # 55686 – 55694, 901437, direct deposit 5/24/2022 in the amount of \$130,317.93, June 6, 2022 claims checks #55695 – 55744, 901443 - 901445 in the amount of \$233,187.75.

**FISCAL IMPACT:**

Payroll checks in the amount of \$130,317.93, claims checks in the amount of \$233,187.75.

**ALTERNATIVES:**

Approve the consent agenda.

Remove certain items from the consent agenda for further discussion.

**STAFF RECOMMENDATION:**

Approve the consent agenda

**MOTION:**

**I MOVE TO APPROVE THE CONSENT AGENDA.**

**GOLDENDALE CITY COUNCIL  
REGULAR MEETING  
May 16, 2022  
7:00 PM**

Mayor Michael Canon called to order the regular meeting of the Goldendale City Council followed by the Pledge of Allegiance.

**ROLL CALL**

**Council Present:** Mayor Michael A Canon (Not voting), Council Member Andy Halm, Council Member Ellie Casey, Council Member Steve Johnston, Council Member Dave Jones, Council Member Loren Meagher

**Staff Present (Not Voting):** City Administrator Larry Bellamy, Assistant Fire Chief Steven Randall, Police Chief Jay Hunziker, Deputy Clerk Treasurer Sandy Wells, Deputy City Administrator Patrick Munyan

**Motion:** I move to excuse Council Member Miland Walling and Council Member Filiberto Ontiveros, **Action:** Motion, **Moved by** Council Member Dave Jones, **Seconded by** Council Member Andy Halm.  
Motion Passed Unanimously

**AGENDA AND CONSENT AGENDA**

**Mayor Michael Canon** due to an unexpected illness by Larry, 2 ordinances were prepared by Friday but after the packet had been prepared. I would like to add those two ordinances to the packet and add a presentation by Mike Goodpaster.

**Motion:** I move to amend tonight's agenda to include an agenda item I1. Residential Zoning Code Amendment and I2 Revised Salary Schedule by Ordinance for the Police Department and Presentation by Mike Goodpaster, **Action:** Motion, **Moved by** Council Member Loren Meagher, **Seconded by** Council Member Steve Johnston.  
Motion Passed Unanimously

**Motion:** I move to approve the agenda and consent agenda, **Action:** Motion, **Moved by** Council Member Dave Jones, **Seconded by** Council Member Steve Johnston.  
Motion Passed Unanimously

**PRESENTATIONS**

**TIF Introduction – Todd Chase of FCS Group (Via Zoom),** Todd Chase gave a presentation on Infrastructure funding strategy concept for potential housing development in Goldendale.

**Mike Goodpaster,** did not show up for the meeting and his presentations is cancelled

## DEPARTMENT REPORTS

**Assistant Fire Chief Steven Randall** - would like to remind everyone that fire season is upon us. Please make sure your batteries are changed in your smoke detectors. It is also a good idea to have your fire extinguishers checked and make sure you know how to use it. We had a wet spring which promotes vegetation growth and that can be fuel for a fire during the hot dry summer.

**Police Chief Jay Hunziker** – Chief Hunziker gave the council an update on Trauma Intervention Program (TIP). The Goldendale Police Department (GPD) has applied for a Legions Casino Grant from Toppenish. It's an annual grant that we apply for every year. We were awarded money, but until it's distributed, we won't know that amount that was awarded until June 1<sup>st</sup>, 2022. GPD hosted a training class on public information. The instructor came out of Oregon, and we had 10 students. It was a very successful training.

Mayor Mike Canon, I would also like to congratulate Chief Hunziker who is celebrating his 24<sup>th</sup> year as a Police Officer for the City of Goldendale Police Department.

Council Member Steve Johnston, this is National Law-Enforcement week so thank you to all our law enforcement officers.

**Deputy City Administrator Patrick Munyan** – the public works crew has been out spraying weeds while the weather is cooperating. The street sweeper has been fixed and has been out cleaning roads from all the sand and gravel that was used over the winter. The crew has been working hard flushing out all the dead-end water mains and cleaning up alleys. The crew did an overlay at the 200 block of East Allyn and the 400 block of West Collins. On May 23<sup>rd</sup> at 5:00 pm will be a public meeting in the council room to discuss the Byars Street construction project. City Hall is sending out a special invite to the residents that live on Byars Street so they will have an opportunity to speak at the meeting and voice their concerns and ask any questions.

## COUNCIL BUSINESS

**Aspect Consulting Contract for well Performance and Rehabilitation by Jason Shira (Via Zoom)**, Jason Shira updated the City Council on the Chlorination Station and Basse Wells Project. Aspect consulting has proved staff with Contract Order #2 amendment adding additional work needed to continue moving the project forward. The contract provides a description of the work to be performed and their associated cost for the work. The water and wastewater funds improvement cost impact are \$43,000.00.

**Motion:** I move to approve the Chlorination Station and Basse Well contact order #2 in the amount of and not to exceed \$43,000.00 and authorizes Mayor Canon to sign aspect consulting contract order #2 to proceed with the project, **Action:** Motion, **Moved by** Council Member Steve Johnston, **Seconded by** Council Member Ellie Casey. Motion Passed Unanimously

**Five Year Reimbursable Agreement with Klickitat County by Larry Bellamy**, from time to time the city may require the services of the Klickitat County Public Works Department. If services are requested the reimbursable series agreement will apply.

**Motion:** I move to authorize the mayor to execute the reimbursable agreement with the Klickitat County Public Works Department, **Action:** Motion, **Moved by** Council Member Steve Johnston, **Seconded by** Council Member Loren Meagher.  
Motion Passed Unanimously

## **ORDINANCES**

**Residential Zoning Code Amendment by Larry Bellamy**, the Ordinance Committee recommends that the requirement for the front entrance of each single-family dwelling shall be located facing or at a forty-five-degree angle to the street that it is numbered on, be eliminated. This is especially hindering when designing a layout for a house or duplex on narrow lots. The ordinance committee also recommends the larger lot development allow for larger detached residential garage form 1000 square feet to 2000 square feet for Single Family, Suburban and Rural Residential zones.

**Motion:** I move to approve ordinance No. 1518 making certain amendments to the zoning code and waiving the second reading, **Action:** Motion, **Moved by** Council Member Dave Jones, **Seconded by** Council Member Steve Johnston.  
Motion Passed Unanimously

**Revised Salary Scheduled Ordinance for the Police Department by Larry Bellamy**, on an administrative note, now that the Police Department Offices contract has been approved the revised salary schedule can be incorporated into the 2022 City-wide salary grid which must be approved by council. This revision includes a pay increase to the Police Chief at the same percentage increase afforded to the police department employees

**Motion:** I move to approve Ordinance No. 1519 amending Ordinance No. 1512 which is the 2022 Budget and providing for a revised 2022 salary schedule and including the Police Department Officers salary grid and waiving the second reading, **Action:** Motion, **Moved by** Council Member Loren Meagher, **Seconded by** Council Member Ellie Casey.  
Motion Passed Unanimously

## **REPORT OF OFFICERS AND CITY ADMINISTRATOR**

**City Administrator, Larry Bellamy**, The Park Plan meeting is still scheduled for Monday May 23, 2022, at 6:00 pm. The annual report is due at the end of May, and I will be working on getting that completed.

**Deputy Clerk Treasurer, Sandy Wells**, I wanted to let the council know that City Hall has hired Finance Administrative Assistant Traci Gunnyon to replace me. We will be working hard to train her while learning my new job as Clerk Treasurer.

**Council Member, Loren Meagher,** I would like to thank public works department for spraying the weeds and cleaning up the red rock leftover from the winter.

**Council Member, Dave Jones,** at the last council meeting we missed a few events that are happening in the city limits that I think the town should know about. June 4<sup>th</sup> is June Blooms Garden walk, the Soroptimist is having their annual plant sale on June 4<sup>th</sup>, and finally the Goldendale city wide yard sale will be held on June 17 & June 18<sup>th</sup>.

**Council Member, Steve Johnston,** would like the council to upgrade the audio system in the council chambers.

**Mayor Michael Canon,** the Women's International Pilots Association was going to fly into our airport, but those plans have changed due to weather. They will schedule it for later in the summer. I would also like to acknowledge that for a small rural community we have incredibly well training Fire Department, Police Department and Public Works Department. We are incredibly lucky to have the crew that we have.

#### **PUBLIC COMMENT**

No public comments

#### **ADJOURNMENT**

**8:27pm**

**Motion:** I move to adjournment, **Action:** Motion, **Moved by** Council Member Andy Halm, **Seconded by** Council Member Steve Johnston.  
Motion Passed Unanimously

AGENDA BILL: G1

AGENDA TITLE: NEW PUMP FOR MAIN LIFT STATION

DATE: JUNE 6, 2022

**ACTION REQUIRED:**

ORDINANCE\_\_\_\_\_ COUNCIL INFORMATION\_\_\_\_\_X

RESOLUTION\_\_\_\_\_ OTHER\_\_\_\_\_

MOTION\_\_\_\_\_X

---

**EXPLANATION:**

After several years of struggling with non-consistent wastewater flow from the City's main wastewater lift station an additional base flow pump was installed in 2019 by Triangle Pump. Consistent flow is necessary to ensure that the wastewater receives optimal levels of treatment process, wastewater temperature stability as well as protecting equipment operations.

The recommended pump system by Triangle Pump was a vertical pump installation. For various reasons the vertical pump installation has caused internal cavitation damaging the pump twice between 2019 and 2021. The pump has been out of commission since September of 2021 and needs replaced before peak season to ensure discharge compliance.

Over the past several months City Staff has met with RH-2 Engineering to find solutions on how to rectify these issues. RH2 has recommended a horizontal pump installation to eliminate pump cavitation for occurring to prevent damage to pump system. See attached proposal for addition information.

**FISCAL IMPACT:**

**ALTERNATIVES:**

**STAFF RECOMMENDATION:**

**MOTION:**

**I MOVE TO APPROVE A CAPITAL OUTLAY IN THE AMOUNT OF \$17,335.00 FOR IMPROVEMENTS TO THE MAIN WASTEWATER PUMP STATION.**

*AGRICULTURAL VENTILATION,  
REFRIGERATION, and ELECTRICAL SYSTEMS*

**Doug Frantium

(509) 378-1376 cellular  
Quintin@ventcollc.com**

**Proposal of goods and services for City of Golodendale, WA  
25HP Pump Removal and Replacement  
05/25/22**

- Provide removal of the removal of the pump assembly.
- Provide installation of the new replacement pump and all associated pipe, fittings and mounting assemblies.
- Provide all associated conduit, wire and miscellaneous materials for a complete electrical installation. Electrical permit fees are included.
- Provide installation of circuitry to incorporate pump motor thermal protection and leakage protection in the existing motor controller.
- Provide as built drawings of the circuitry of the upgraded motor control.
- Customer to provide isolation of black water on the inlet side of the pump.

All work to be performed in a timely and workmen like manner. All goods and services warranted free from defects for a period of one year. Not responsible for delays beyond our control. No other goods or services are included, other goods or services will be provided only by written change order on a time and materials basis.

Your proposed costs will be \$8,979.10 US Dollars

A signed purchase order number is require for acceptance of this proposal

Thank you for the opportunity to be of service.

Best Regards,

Quintin Sessions

May 26<sup>th</sup>, 2022

Town of Goldendale, WA

Goldendale, WA

Ref: Goldendale Lift Station Refurbishment

Dear Doug Frantium,

Reiner Pump Systems, Inc. is pleased to offer the following equipment for your consideration:

1 – XFP 101G CB1.4 PE185/2 460V, 3Ph, 25 hp Dry Pit Submersible Wastewater Non-Clog Pump.

Total: \$17,335.00

Pricing does not include:  
Freight  
Spare parts

This quote is valid for 30 days from date listed above

Terms: Net 30 & RPS T&C's

FOB Factory

Lead Time: In stock @ time of proposal (Est. 2-3 week delivery)

Sincerely,

*Forrest L. Schandel*

## **Submersible Sewage Pumps Type ABS XFP**

## Main Applications

Submersible sewage pump type ABS XFP is designed for municipal and industrial wastewater equipped with premium efficiency (IE3 level) motor for:

- Hazardous locations
  - Approval for ATEX (Ex II 2G k Ex d IIB T4), FM and CSA as standard for PE1 to PE3
  - Approval for ATEX (Ex II 2G k Ex d IIB T4), FM and CSA available as an option for PE4 to PE6
- Clean water and wastewater
- Sewage with sludge and high concentration of rags
- Sewage containing solids and fibrous material
- Industrial raw water
- Municipal combined sewage and storm water systems

## Premium Efficiency

The XFP pumps benefit from significant efficiency in both the motor and hydraulics, resulting in substantial savings:

- Lower energy consumption
- Reduced operating costs
- Fewer maintenance costs
- Less downtime caused by breakdowns and blockages

Great savings means a healthier environment, reducing your carbon footprint and the risk of harmful overflows. XFP pumps make your operation more competitive while contributing to a greener future.

## The Right Installation to Fit Any Needs

The submersible XFP pumps can be installed in the following installations to fulfill virtually any customer requirements:

- Wet well installation with pedestal
- Wet well transportable installation
- Dry well vertical installation
- Dry well horizontal installation

## Features and Benefits of the Hydraulics

### 1 Versatile range of Contrablock Plus impellers

- This technology has been specially engineered to handle tough requirements, such as reduced water consumption and higher rag and solid content
- Highly reliable and efficient impeller design with single and multi-vane models to ensure exceptional blockage resistance, solid passage min. 75 mm / 3 inches and greater
- Optimum balance of impeller vane numbers and solids handling, based on extensive Computational Fluid Dynamics (CFD) research and testing
- Market leading efficiency, without compromising on solid size and rag handling

### 2 Adjustable bottom plate with intercepted slotting

- Significant energy savings throughout lifetime
- Blockage free operation
- Adjustment of the bottom plate restores pump efficiency
- Maintains efficient rag handling throughout its lifetime

### 3 Double volute casing from DN 400 / 16 inches

- Reduces radial forces and shaft deflection
- Maximizes the life of bearings and shaft seals, thereby reducing lifecycle costs

### 4 Double mechanical seals

- Silicon carbide/silicon carbide (SiC/SiC) provides maximum resistance from abrasives
- Seal blockage prevention reduces operational costs
- SiC/SiC is chemically resistant in wastewater and most other industrial applications

### 5 Heavy-duty stainless steel shaft

- Minimizes deflection at mechanical seal to <0.05 mm / 0.002 inches
- Increased safety against fatigue fractures

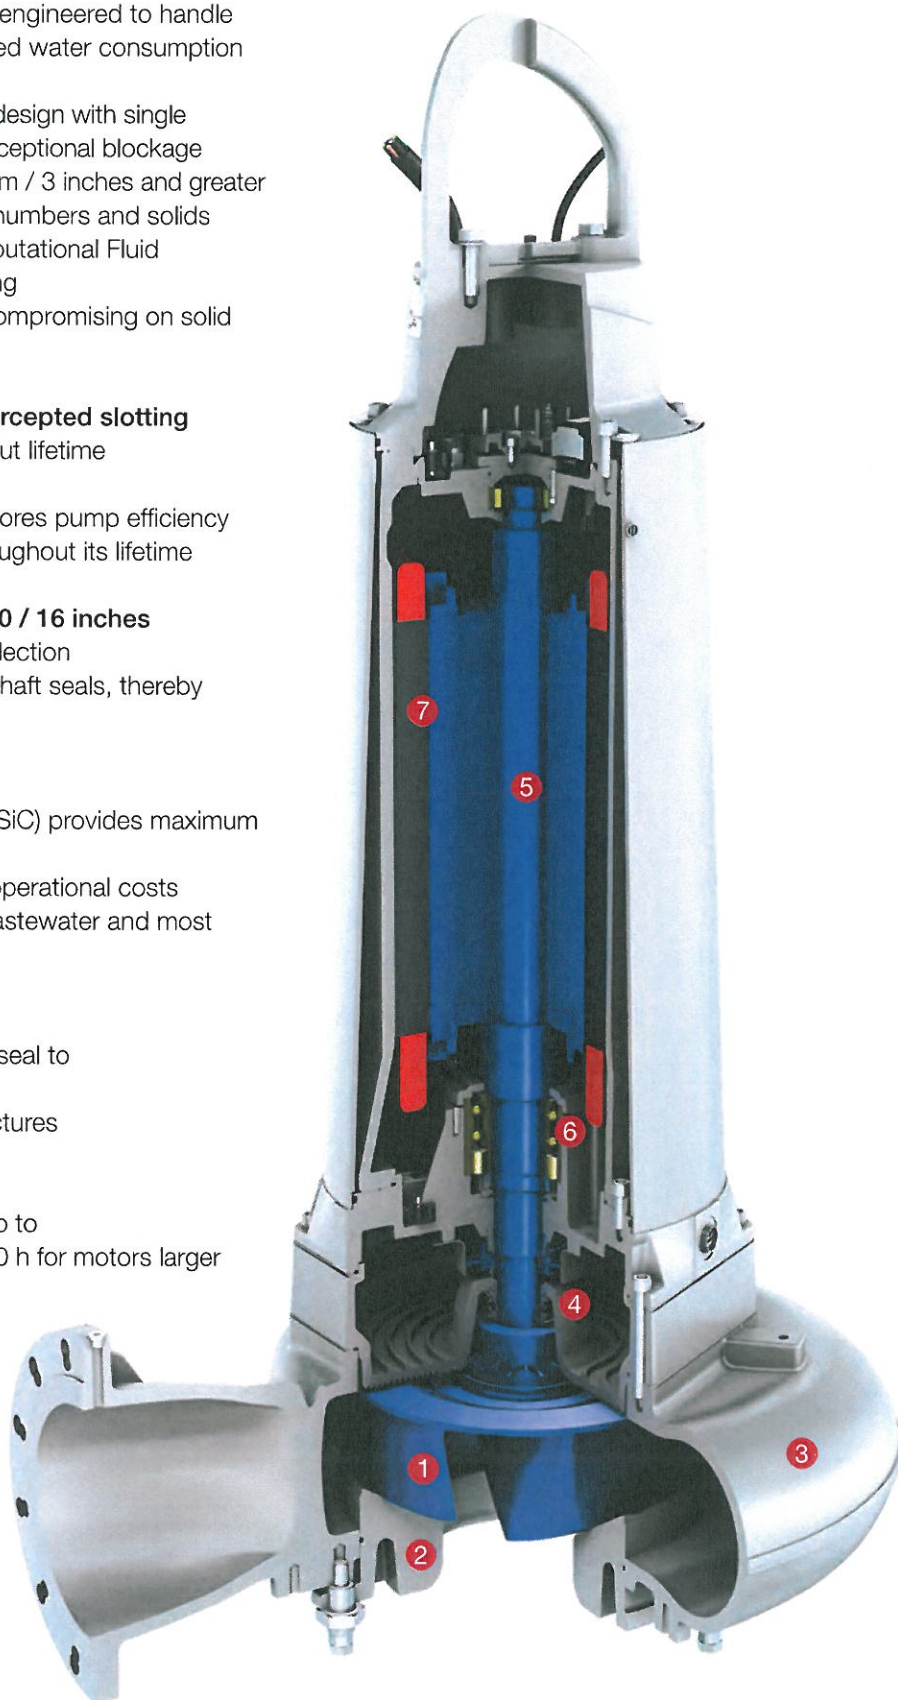

### 6 Heavy-duty bearings

- Minimum life 50,000 h for motors up to 9 kW / 12 hp and minimum 100,000 h for motors larger than 11 kW / 17 hp

### 7

- Premium efficiency IE3 motor in accordance with IEC 60034-30

PE3-6

## Premium Efficiency Submersible Motors (IE3)

Sulzer was the first company in the world to offer premium-efficiency IE3 submersible motors, in order to achieve the perfect balance of reliability and energy consumption. Using premium-efficiency IE3 motors and Contrablock Plus impellers, the submersible sewage pump type ABS XFP is the most efficient wastewater pump on the market.

Main design features, in accordance with IEC 60034-30, for low lifecycle costs by energy saving, significant carbon footprint reduction and increased lifetime by low winding temperature rise. Designed for Variable Frequency Drive (VFD) operation. ATEX, FM and CSA certified motors.

### Motor Power and Speed Overview, PE1 - PE6

	60 Hz						86 - 150

## Features and Benefits of Motors (IE3)

- 1 **Class H (140°C / 284°F) insulation, temperature rise according to NEMA Class A up to 110 kW / 168 hp and Class B above 110 kW / 168 hp**
  - Extremely long lifetime of motor

- 2 **Service factor 1.3**
  - Allows short-time operation at lower voltage, higher frequency (generator sets) and temporary higher medium temperature

- 3 **Versatile cable types**
  - European, FM or CSA approved country-specific cables for use in wastewater

- 4 **Optional shielded cable (EMC)**
  - Operation for frequency controlled AC drives
  - Installation according to EMC directives

- 5 **Moisture DI probe in seal chamber as standard**
  - Early mechanical seal failure indication
- **PE4 to PE6: Additional moisture DI probes in the cable connection chamber and motor compartment as an option; standard for the PE6**
  - Early moisture ingress indication

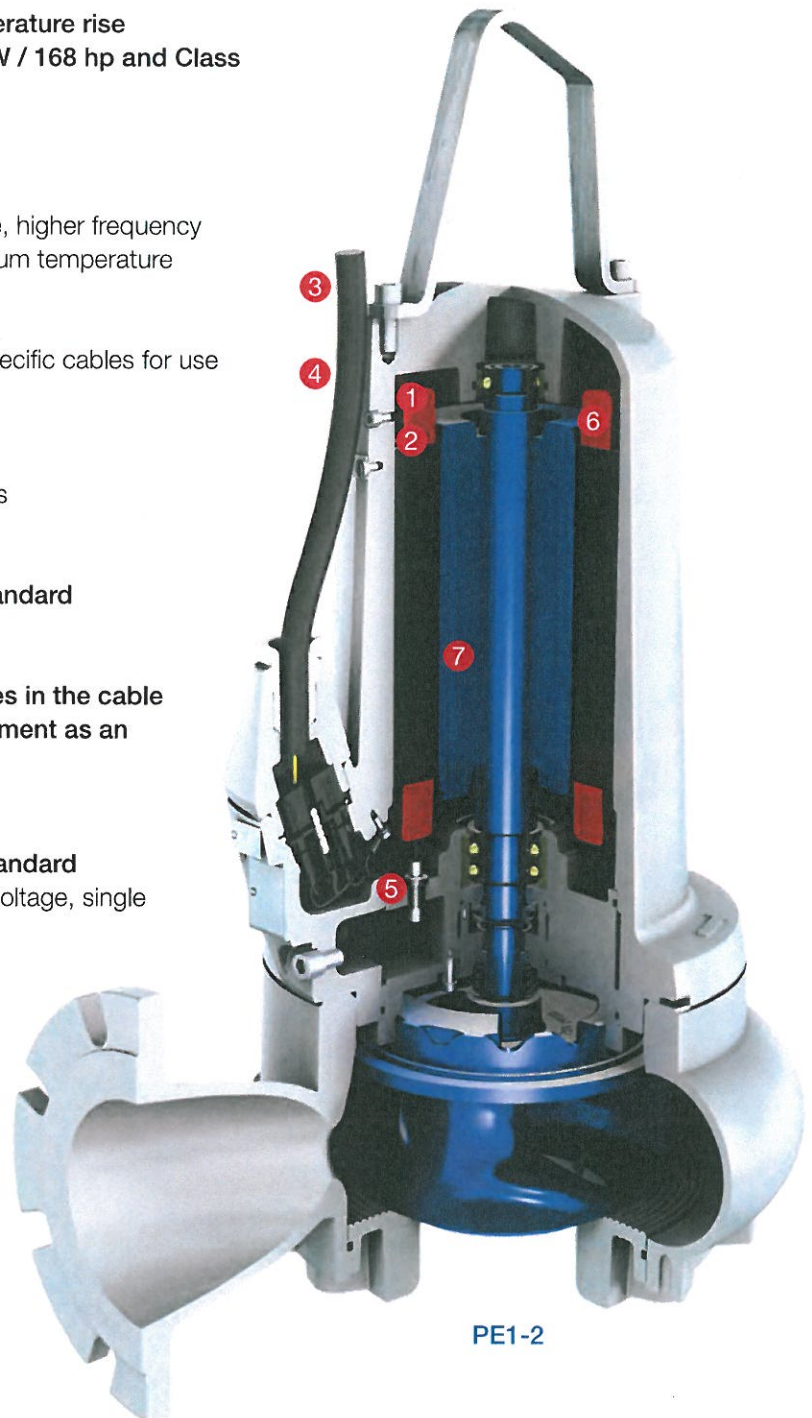

- 6 **Thermal protection switch in stator as standard**
  - Power supply failure motor protection (low voltage, single phase)

- **PE4 to PE6: Additional separate thermal protection switch in upper and lower bearing as an option and standard for the PE6. Sensor options: Bimetallic Switch, PTC or PT100**
  - Early warning at the beginning of bearing malfunction

- 7 **PE1 and 2: Oil cooled motors as an option in 60Hz, standard in 50Hz**
  - Continuous operation in dry installation

- **PE3 to PE6: Closed loop water cooling system with integrated heat exchanger as an option; standard for the PE6**
  - Continuous operation in wet well installation with un-submerged motor

- **PE5 to PE6: Optional vibration sensor**
  - Early indication of vibration

Goldendale, WA 98620

RE: Water service connection outside City Limits for the Bennett's -  
Tax Parcel 04160421230300

Dear Mr. Bellamy,

According to GMC 13.04.010C "For connections outside the city limits, permission from the city council is required to obtain a connection permit.

1. The City water system has the right to add connections and has adequate capacity to serve the requested connection.
2. The water main adjacent to that parcel is of adequate size to serve the lot.
3. The landowner will need to supply a private booster pump to serve the lot with adequate pressure if needed.
4. The lot is within the City's water right place of use boundaries.
5. The city currently serves other lots outside the City Limits on this mainline.
6. Many municipalities require an annexation covenant with outside City Limit Connections. I would recommend that a annexation covenant be a condition of approval.
7. I have attached a copy of the proposed connection location.

I recommend approving the water service connections for the lot contingent on the signing of the annexation covenant.

Sincerely,

Dustin Conroy, PE/PLS

ALTERATION OF SHORT PLAT NO. SPL 2018-26  
IN THE NW1/4NW1/4 AND NE1/4NW1/4, SECTION 4, T 4 N, R 16 E, W.M.

Name Mr. Elizabeth Alvarez Date Aug 8 1982  
 Gender Female

WITNESS MY HAND AND OFFICIAL SEAL this day and year first written  
 Dated this 8th day of September, 2021.

1. Jesse E. Carter, registered as a land surveyor in the State of Washington, certify that this plat, alteration, is based on an actual survey conducted by him.

and the adjustment of me is soaked on the ground  
as depicted on this drawing

Dated this 15 day of September, 2021

"I hereby certify that all taxes, and compensating taxes and/or penalties and property contained within the 201 show herein have been paid, discharged or satisfied.

"I hereby certify that the alteration has been examined by me and that all sewage and water systems herein shown meet and comply with all requirements of the County Health Department. Each of all require separate review to determine necessity for a special license of the health department."

Called this 8 day of October 20 21.

Witnessed and attested my hand and the seal of the  
 Mineral County Engineer

AGENDA BILL: G3

AGENDA TITLE: SPECIAL CONNECTION CHARGES  
PROPOSAL AND DISCUSSION

DATE: JUNE 6, 2022

**ACTION REQUIRED:**

ORDINANCE\_\_\_\_\_ COUNCIL INFORMATION\_\_\_\_\_X\_\_\_\_\_

RESOLUTION\_\_\_\_\_ OTHER\_\_\_\_\_

MOTION\_\_\_\_\_X\_\_\_\_\_

---

**EXPLANATION:**

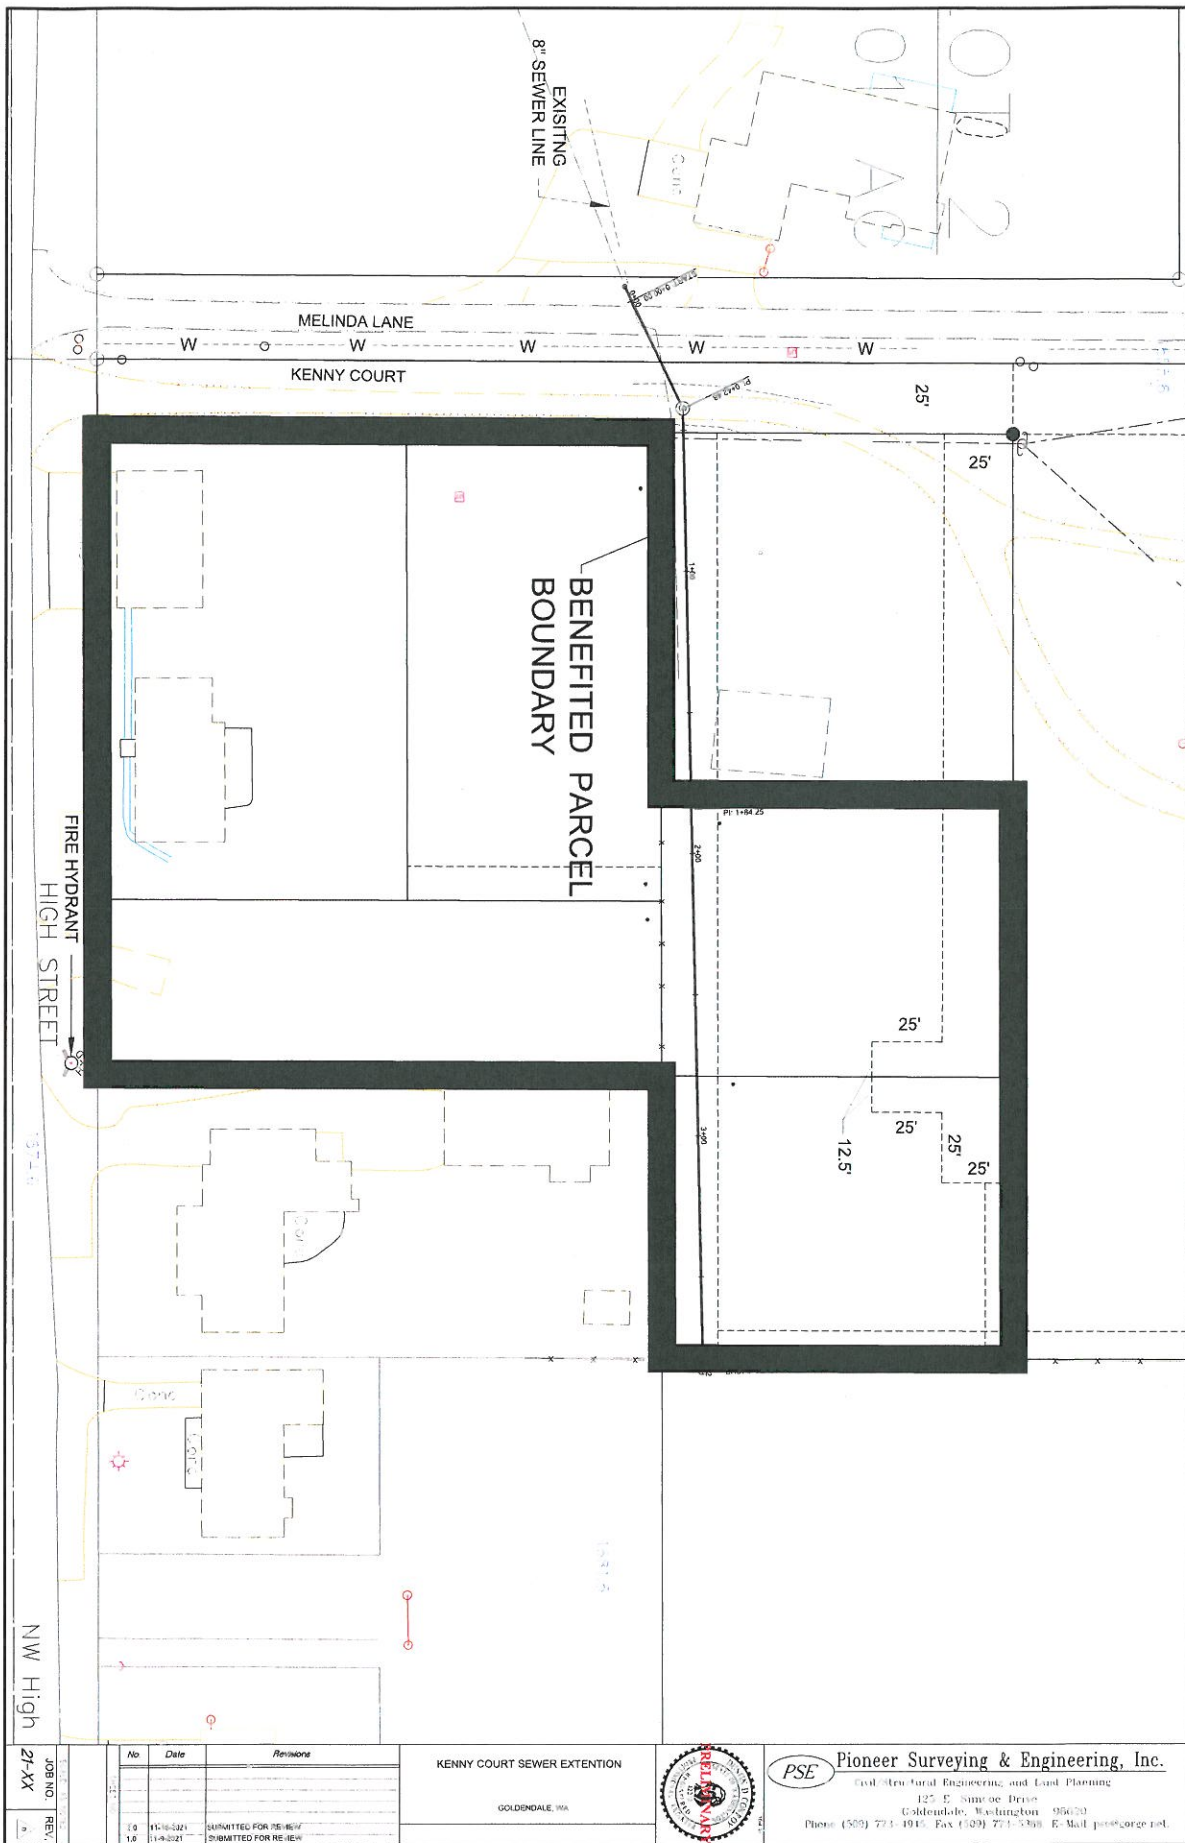

Please find attached a map showing a proposal to provide sewer service to 5 lots described in the benefited parcel boundary. The proposal is to utilize a Goldendale municipal code provision for the establishment of a sewer special connection charge for extension of a sewer main. Dustin Conroy will be in attendance at the council meeting to discuss the process outlined the GMC code sections 13.08.165 (included in your packet).

**13.08.210 Sewer accounts.**

**13.08.220 Custodian of funds.**

### **ARTICLE IV. IMPROVEMENTS**

**13.08.230 Improvement financing system.**

**13.08.240 Temporary lines installation, maintenance.**

**13.08.250 Standard lateral line defined--Payment.**

such may be caused by negligence or failure of the company to maintain safe conditions as required in Section 13.08.590. (Prior code §14.12.080)

#### **13.08.140 Easement access.**

The superintendent and other duly authorized employees of the city bearing proper credentials and identification shall be permitted to enter all private properties through which the city holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within the easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. (Prior code §14.12.090)

### **ARTICLE III. FEES--RATES--CHARGES**

#### **13.08.150 Overhead charges.**

There may be charged to the sewer department such sum per year as the city council may fix as a general expense item, for reimbursement to the department of finance and utilities department and office of city attorney for general supervision and additional work of the departments for the sewer department. (Prior code §14.16.010)

#### **13.08.160 Sewer service connection charge.**

From and after July 1, 2007 all new sewer service connections inside the city shall be charged as follows according to the corresponding water meter size:

<b>Meter Size</b>	<b>Inside City</b>	<b>Outside City</b>
3/4"	\$ 2,000.00	\$ 4,000.00
1"	3,000.00	6,000.00
1 1/2"	4,000.00	8,000.00
2"	8,000.00	16,000.00
3"	12,000.00	24,000.00
4" or greater	24,000.00	48,000.00

(Ord. 1364 §3, 2007: Ord. 1352 §6, 2006)

#### **13.08.165 Special connection charge.**

##### **A. Imposed.**

1. In addition to sewer line connection permit fees required by ordinance, there is imposed upon the owners of properties which have not been assessed or charged or borne an equitable

share of the cost of the city's sewer system shall pay prior to connection to a city sewer line a special connection charge in an amount to be computed under subsection (A)(2) of this section.

2. The special connection charge shall be paid in cash or under installment contract with interest thereon at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year connection is made with the city sewer line, computed annually on unpaid balances. Such contract, shall provide for a down payment of five percent of the total connection charge, payable upon execution of such contract and for payment of the balance in forty quarterly installments payable on each January 1st, April 1st, July 1st and October 1st. Such installment contract shall provide that any unpaid balance may be paid in full in any year at the time the first quarterly payment of such year is due and payable, shall describe the property served by the sewer line, shall be acknowledged by the property owner and shall be recorded by the Goldendale city clerk, in the office of the Klickitat County auditor, at the expense of the property owner. Delinquent payments under such installment contract shall be a lien upon the described property as provided in RCW [35.67.200](#), enforceable in accordance with RCW [35.67.220](#) through [35.67.280](#); and as an additional and concurrent method of enforcing the lien, the sewer service to such property may be cut off in accordance with RCW [35.67.290](#) until the delinquent installments are paid. Upon full payment of the contract, the Goldendale city clerk, on behalf of the city shall execute and deliver to the property owner a release of such lien.

#### B. Computation.

1. The special connection charge imposed in subsection (A)(1) of this section, in order that property owners bear their equitable share of the cost of the sewer line system, shall be computed as follows:

a. For Lateral Sewer Lines. The number of units of property frontage to be served by the sewer line, determined in the manner prescribed in RCW [35.44.030](#) and [35.44.040](#) for determining "assessable units of frontage" or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the property being assessed as authorized in RCW [35.44.047](#), provided that, for all sewer lines that are connected more than one year after the city sewer line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer line was or is completed and available for connection until the

connection is made, but excluding both the year of completion of construction and the year connection is made; except that for connection to sewer lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, for the year 1953. Interest charged pursuant to this paragraph shall not exceed ten percent per year and shall not exceed ten years.

b. For Main Sewer Lines. The rate of assessment per square feet of property area to be served by the sewer line shall be determined on the basis that special benefits are conferred on the property in manner prescribed in RCW [35.44.030](#) and RCW [35.44.040](#) or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the property being assessed as authorized by RCW [35.44.047](#), provided that, for all sewer lines that are connected more than one year after the city sewer line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer line was or is completed and available for connection until the connection is made, but excluding both the year of completion of construction and the year connection is made, except that, for connection to sewer lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities for the year 1953. Interest charged pursuant to this paragraph shall not exceed ten percent per year and shall not exceed ten years.

C. Such special connection charge for property abutting on a street in which a sewer line can be constructed or extended to serve such property shall be computed as if the sewer line were so constructed or extended; and the special connection charge for property located back from the margin of the street in which the sewer line exist and outside of the assessment district created therefor shall be made giving consideration to the distance of the property from the street margin. In no case shall credit be allowed for the cost of extra length of side sewer line required for connection to the city's sewer lineage system; provided, that in cases where application of the foregoing formula to a particular property results in a charge which because of unusual conditions is in excess of charges to similar properties, the city clerk is authorized to reduce the special connection charge to the amount charged to properties similarly situated.

D. For connection to side sewer lines constructed by the city, the property owner for whose benefit connection is made shall pay the cost of the side sewer line. The cost shall be computed as follows: The actual cost to the city of the side sewer line, plus fifteen percent for city design and administrative costs, plus interest at a rate commensurate with the annual one-year rate for U.S. Treasury notes and

bonds adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer lines was or is completed and available for connection and applied until the connection is made, but excluding both the year of completion of construction and the year connection is made. (Ord. 1248 §2, 1999)

#### **13.08.170 Warrant against water-sewer utility fund.**

If any connection or any needed repair to an existing condition shall not be made within the time herein provided, the city council is authorized and directed to cause the same to be made and to file a statement of the costs thereof with the city clerk-treasurer, and thereupon a warrant shall be issued under the direction of the city council by the city clerk-treasurer and against the water-sewer utility fund for the payment of such cost. The amount of such cost, together with a penalty of ten dollars, plus interest at ten percent per year upon the total amount of such costs and penalty shall be assessed against the property upon which the building or structure is situated and shall become a lien thereon as hereinafter provided. (Prior code §14.16.030)

#### **13.08.180 Service rates and charges.**

A. For purposes of this section, the following definitions shall apply:

1. "Residential users" is defined as a residential dwelling unit which dwelling unit has its own separate water meter and serves less than four units.
2. "Commercial user" is defined as any user which is not a residential user.

B. The monthly charges for public sewer service for a residential user inside the city limits shall be as follows:

1. Each residential user shall pay a base charge of thirty-one dollars and fifty cents which includes the first one thousand cubic feet of water consumption.
2. In addition to the base charge, each residential user shall pay seventy cents per each one hundred cubic feet of water consumption over and above the first one thousand cubic feet of water consumption. This amount shall be based upon the average water consumption for the previous period between November 15th and March 15th. This average water consumption shall be used for billing purposes for each billing period from April 1st of one year to March 1st of the following year.
3. Residential user who does not establish an average monthly consumption during the period between November 15th and March 15th because of absence, nonownership or other such similar reason shall pay the sum of thirty-one dollars and fifty cents per unit per month until such

AGENDA BILL: I1

AGENDA TITLE: AIR AMBULANCE SERVICE AS A BENEFIT

DATE: JUNE 6, 2022

**ACTION REQUIRED:**

ORDINANCE     X    

COUNCIL INFORMATION     X    

RESOLUTION                     

OTHER                                     

MOTION     X    

---

**EXPLANATION:**

Pursuant to several discussions on this matter and now that the Uniform Officers Union Contract is in place the time is right for discussion on providing air ambulance services as a benefit to City Employees, Volunteers, Council Members and the Mayor. The attached ordinance was prepared by our City Attorney, Quinn Plant.

**FISCAL IMPACT:**

**ALTERNATIVES:**

**STAFF RECOMMENDATION:**

**MOTION:**

**I MOVE TO APPROVE THE ORDINANCE FOR ITS FIRST READING.**

**CITY OF GOLDENDALE  
GOLDENDALE, WASHINGTON  
ORDINANCE NO. #####**

**AN ORDINANCE OF THE CITY OF GOLDENDALE,  
WASHINGTON, TO PROVIDE AIR AMBULANCE SERVICE AS A  
BENEFIT TO CITY EMPLOYEES, VOLUNTEERS, COUNCIL  
MEMBERS AND THE MAYOR.**

**WHEREAS,** The City of Goldendale is a beautiful rural community in the State of Washington, with a dedicated force of individuals providing services to the population of 3,459 individuals as of 2019; and

**WHEREAS,** Klickitat Valley Health operates a Critical Access Hospital in the city with a level 4 trauma designation by the State of Washington. Incidents involving life threatening emergencies may and often do necessitate a higher level of care, in which case patients must be transferred to hospitals with additional capabilities; and

**WHEREAS,** The Goldendale City Council understands that the city's most valuable assets are its employees, who provide essential services to city residents and who have been completing work through hazardous weather events and a worldwide pandemic.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF GOLDENDALE, WASHINGTON, DO ORDAIN AS FOLLOWS:

Section 1. Unless otherwise negotiated, effective the date this ordinance, City employees shall be provided by the City of Goldendale, at no cost to the employee, a one-year membership for an air ambulance service selected by the City at its discretion. This benefit shall be provided to full-time employees employed by the City on the date this ordinance becomes effective. Said membership shall be renewed for additional one-year terms for as long as the employee is employed by the City of Goldendale on the date the prior one-year agreement is terminated.

Section 2. Full-time employees hired after the effective date of this ordinance shall be entitled to the benefit described in Section 1 following employment with the City for a period of 30 days.

Section 3. Current volunteers for the City of Goldendale Fire Department, reserve officer volunteers for the Goldendale Police Department and other city government enrolled volunteers, as determined by the City Administrator, shall be entitled to the benefit described in Section 1. Volunteers who begin service with the city after the effective date of this ordinance shall be entitled to the benefit described in Section 1 only

after the volunteer has been on active volunteer status for a period of 1 year as determined by the City Administrator.

Section 4. Current Councilmembers and the Mayor shall not be entitled to the benefit described in Section 1. However, current Councilmembers and the Mayor shall be eligible to participate at their own expense in an air ambulance service group discount negotiated by the city.

Section 5. Following the expiration of each council term and mayoral term in effect on the day this ordinance becomes effective, a Councilmember and/or Mayor who takes office shall be entitled to the benefit described in Section 1 after the Councilmember or Mayor has held his or her position for one year and said benefit shall be renewed so long as the Councilmember or Mayor retains their position.

EFFECTIVE DATE: This ordinance shall take effect July 1, 2022.

PASSED by the CITY COUNCIL and approved by the MAYOR at its regular meeting on \_\_\_\_\_, 2022
