PUBLIC HEARING

Parking on East Collins by Mayor Dave Jones - The Council recommended eliminating parking or consider allowing parking on the south side of Collins or allowing parking on the south side of Collins with extended sight distant from the corner of the intersection on East Collins between the Roosevelt intersection and Sanders Way. They also recommend turning the intersection of Roosevelt and Collins into a four-way stop.

Lee Eikanas – 809 E. Collins – Would like to know why this has come up

Rosie Luna – 730 E. Collins – Has the hospital been asked to have their employees park in their parking lot

Todd Nunn – 714 E. Collins - Hospital should have their employees park in their parking lot

Lee Eikanas – 809 E. Collins – Has anyone looked into the business being ran in a residential neighborhood maybe that's why there are so many vehicles out there. I would like the police department to see if all the cars are registered and insured. In Ellensburg next to the college where parking is difficult, they give out placards to the community to be placed in cars that are in the residential permit zone if there is no placard the car is towed.

Tim Bradford – Allison Way – If you move cars and make more room on the road then cars will speed.

Mark Sigfrinius – 708 E. Collins – Against putting up a stop sign it will cause more noise, and the hospital employee should use their own parking lot

Bob Kindler – E. Collins – Against taking away parking on the South side of the road

Priscilla Sigfrinius – 708 E. Collins – Against no parking in front of the houses and the hospital employees should be parking in their own lot

Chase Ogden - 718 E. Collins – Is in favor of a four-way stop to slow down the traffic that speed down that road and is against eliminating parking on the South side of the road

Larry Hctor - Allison Way– In favor of a four-way stop and believes the no parking should continue to the city limit line

Lee Eikanas – 809 E. Collins – If you're going to have no parking on a portion of the road the problem will work its way down the street so if you're going to have no parking on part of the street you should have no parking on all of the street

Betty Aparicio – Elm Dr – If you are going to have no parking on part of the street then continue it all the way and is in favor of a four-way stop

Tim Bradford – Allison Way – Is against a four-way stop

Betty Richards – Court St – Is in favor of a four-way stop

Larry Hctor – Allison Way – Is that a designated truck route with rules and regulations

Todd Nunn - 714 E. Collins – All my vehicles are legal, and my business is legal

Larry Hctor – Allison Way – Todd does park his truck out of the way

Priscilla Sigfrinius 708 E. Collins – Take into consideration the 3 to 4 people that live in this area that this will inconvenience

AGENDA AND CONSENT AGENDA

Motion: I move to accept the agenda and consent agenda with the inclusion of number 5 under H as presented, **Action:** Motion, **Moved by** Council Member Steve Johnston, **Seconded by** Council Member Miland Walling
Motion Passed Unanimously

DEPARTMENT REPORTS

Fire Chief Noah Halm – Hopefully in the next couple weeks we will get the decals on the Air Van. We are gearing up for wildland season there is a lot of training going on for that

Police Chief Mike Smith – In the Month of March we had 268 calls and 12 arrests. We are up 46 calls for suspicious activity.

City Administrator Sandy Wells – On the Southwest side of town there's around 24 streetlights that went out we think it might have been a power surge during the lightening. We are checking with PUD to get that resolved

COUNCIL BUSINESS

Parking on East Collins by Mayor Dave Jones - We just had the public hearing to discuss the parking options. The next step is to make a motion tonight regarding the parking options on East Collins or make a motion to refer it back to the Public Works Committee for recommendations to the council.

Council Member Andy Halm – I do not agree with taking the parking away I feel the safest thing is to put the four-way stop in. I am disappointed the hospital is not here to discuss this with us. It seems like a big part of the problem is because of their employees and I think they should address that. Another idea is on the North side to do no parking from 8am until 5pm

Council Member Miland Walling – I like the idea of no parking on the North side. The four-way stop sign could be debated. Do we have any more of the reader boards to set out there to slow down the traffic

Chief Mike Smith – No we do not have any we would need to purchase some. I propose a four-way stop to slow people down coming into the school zone

Council Member Danielle Clevidence – I agree with everything that Andy said except I think that having the placards for the household would be good except that doesn't account for their visitors. I think we shouldn't take parking away if there is parking that is illegal there for line of sight then it should be specifically marked, monitored and ensured so that people are safe. A four-way stop would be helpful

Council Member Steve Johnston – This whole subject has come about over safety simple and pure and its called line of sight. The hospital needs to be put on notice in regards to this.

Council Member Loren Meagher – The public hearing was to not come to a conclusion tonight but to get the input from the community to take back and think about

it and come up with some possible solutions to address increasing safety with having minimal impact to the residents.

Motion: I would move that we take this back I think it would be the Ordinance Committee or Public Works Committee, Public Works Committee with all the input that we received tonight have some further discussion and see where that goes from there

Action: Motion, **Moved by** Council Member Loren Meagher, **Seconded by** Council Member Ellie Casey

Council Member Danielle Clevidence – I would like to have some input from the hospital on what their possible solutions on having the employees not park in those areas

Council Member Loren Meagher – If we have public parking available then it is available to any member of the public which includes the hospital employees so the only way to really mitigate that is limit parking to local residents or a certain time frame

Ayes: Council Member Miland Walling, Council Member Danielle Clevidence, Council Member Andy Halm, Council Member Ellie Casey, Council Member Loren Meagher

Nays: Council Member Steve Johnston

Motion Passed (**summary:** Ayes = 5, Nays =1, Abstain =0)

Tim Bradford - would like paperwork on why the signs were removed on Collins

City Administrator Sandy Wells – The signs broke, and the system was outdated

Hearing Examiner Services Contract by Mayor Dave Jones -. We went out to bid and received one contract back. The contract was reviewed by our Attorney Quinn Plant and his recommendation was this was a fair contract. They have a flat rate for specified permits / applications plus an hourly rate for appeals.

Motion: I move to authorize the mayor to execute a professional services contract with Laminar Law, PLLC for hearing examiner services for the period April 1, 2025, to December 31, 2025, **Action:** Motion, **Moved by** Council Member Danielle Clevidence,

Seconded by Council Member Ellie Casey

Motion Passed Unanimously

2025 Pavement Preservation Project Award by Dustin Conroy – There were 7 bids that were submitted. Dustin recommends that we award the contract to Tommer Construction Company. The city received roughly a million dollars from TIB so there might be an opportunity to add one more street to that.

Motion: I move to award the 2025 Pavement Preservation Project to Tommer Construction Company Inc in the amount of \$722,533.60, **Action:** Motion, **Moved by** Council Member Ellie Casey, **Seconded by** Council Member Andy Halm

Motion Passed Unanimously

2025 Phase 2 Water Line Improvement Project Award by Dustin Conroy – The city received 5 bids for that project. It is recommended that we award the contract to Ajax Northwest, they were a little bit over our total amount. We believe that with the city funds that are in the water budget there is enough money to do the entire project. If something comes up that is more expensive than we think we may have to remove one portion of this project.

Motion: I move to award the 2025 phase 2 of the waterline improvement project to Ajax Northwest in the amount of \$1,384,404.35, **Action:** Motion, **Moved by** Council Member Danielle Clevidence, **Seconded by** Council Member Ellie Casey
Motion Passed Unanimously

Council Member Theone Wheeler joined the meeting at 6:52pm

Council Member Steve Johnston – What is the timeline on the Preservation Project

Dustin Conroy – They have 30 days

Council Member Loren Meagher – Would like city staff to work with the contractors and Dustin to provide advanced notice to the residences so they can be better prepared than what we experienced last year

Proclamation for National Public Safety Telecommunicators Week by Mayor Dave Jones - If I can get a motion, I will read that proclamation

Motion: I move to approve the week of April 13-19, 2025 National Public Safety Telecommunicators Week and Authorize the Mayor to assign the presented Proclamation recognizing National Public Safety Telecommunicators Week, **Action:** Motion, **Moved by** Council Member Miland Walling, **Seconded by** Council Member Danielle Clevidence
Motion Passed Unanimously

RESOLUTIONS

Res No 744 – Tourism Funding - The Event Committee has met with the applicants for the award of Tourism dollars. The application totaled \$5,000.00. The committee gave a recommendation to the council on March 3, 2025 for approval. The recommendation of the committee was to fund requests in the amount of \$5,000.00 in accordance with Exhibit A.

Motion: I move to approve Resolution 744 authorizing the funding for tourism event for 2025 in the amount of \$5,000.00, **Action:** Motion, **Moved by** Council Member Loren Meagher, **Seconded by** Council Member Steve Johnston
Motion Passed Unanimously

ORDINANCES

Ord No 1541 – Hearing Examiner by Mayor Dave Jones - Ordinance 1541 will eliminate the Board of Adjustment and create the office of Hearing Examiner. It establishes qualifications for the position, providing for the appointment of a suitable person to the position, defining the duties of the position, providing procedures for the hearings of the Hearing Examiner and repealing any conflicting ordinance.

Motion: I move to accept Ordinance No 1541 eliminating the Board of Adjustment and creating the office of the Hearing Examiner and at this time I would like to waive the 2nd reading, **Action:** Motion, **Moved by** Council Member Steve Johnston, **Seconded by** Council Member Ellie Casey
Motion Passed Unanimously

Ord No 1545 – Amending Water Ordinance by Mayor Dave Jones - The City of Goldendale staff has identified certain errors in Chapter 13.04 of the Goldendale Municipal Code and desires to correct the errors.

Motion: I move to accept Ordinance No 1545 amending and correcting Chapter 13.04, Water Supply System of the Goldendale Municipal Code for its 1st reading and waive the 2nd reading, **Action:** Motion, **Moved by** Council Member Danielle Clevidence, **Seconded by** Council Member Ellie Casey
Motion Passed Unanimously

Ord No 1546 – Amending Sewer Ordinance by Mayor Dave Jones - The City of Goldendale staff has identified certain errors in Chapter 13.08 of the Goldendale Municipal Code and desires to correct the errors.

Motion: I move to accept Ordinance No 1546 amending and correcting Chapter 13.08, Sewage Disposal System of the Goldendale Municipal Code for its 1st reading and waive the 2nd reading, **Action:** Motion, **Moved by** Council Member Miland Walling, **Seconded by** Council Member Danielle Clevidence
Motion Passed Unanimously

Council Member Loren Meagher - Motion: That the Ordinance Committee review the ordinances for any language that is cost prohibited to development

Council Member Loren Meagher retracted his motion

Mayor Dave Jones scheduled an Ordinance Committee meeting for Tuesday April 15th at 5:30pm

REPORT OF OFFICERS

Council Member Steve Johnston – Would like to schedule a Public Works meeting

Council Member Loren Meagher – Would like to have Chief Smith there for that

Mayor Dave Jones will be contacting the Public Works Committee and Chief Smith via email to schedule a Public Works meeting

Council Member Loren Meagher – Wanted to thank the community members that came this evening their input really helps us out as we make our decisions and try to find a way that we can increase safety with having as little minimal impact on the residents as possible

Council Member Ellie Casey – Wanted to thank everybody for coming in tonight and in a few weeks we are going to be having filing week for city council positions. I will not be seeking reelection so my seat will be open

Council Member Andy Halm – It was really good to hear what the citizens had to say. We have covered all sorts of different topics tonight and I think it was a good meeting

Council Member Danielle Clevidence – Ellie you will definitely be missed and thank you for all your years of service for our community. I would like to thank Mr. Lundin he was great at showing me the fuel system at the airport. If we could get a couple people from public works out there that we be even better. It was great to see all the people and I hope the next council meeting is the same for Broadway.

Council Member Miland Walling – I agree with what Andy and Danielle said it was a very good meeting and very productive

Mayor Dave Jones – I attended the National Incident Management System Training last week it was hosted by the Klickitat County Department of Emergency Management. It was very extensive and informative learning about the various roles and responsibilities that we have in the county in case of emergencies.
