PUBLIC HEARING

Parking on West Broadway by Mayor Dave Jones, The Council Public Works Committee recommended eliminating West Broadway parking and / or eliminating parking on one side of West Broadway or other alternative parking recommendations and turning the intersection of West Broadway and Mill Street into a four-way stop.

Jack Runyan, 194 Woodland Rd - against restricting Parking and adding a 4-way stop sign and would like to know where all the cars are going to park if parking is eliminated. There are five (5) houses that have no driveway.

Veronica Clevidence, 406 W Broadway – Would like the city to do a parking study showing how much parking the businesses need. She is in favor of one-sided parking or having the homeowners get a parking permit for each adult household member.

Helen Rolf, Hoctor Rd (representing the Legion, 108 N Grant) — is concerned when they have a big event, there won't be enough parking on the side streets to accommodate all the attendees. She is also concerned that if there is a big funeral, there won't be enough parking spaces for people to attend.

Miquette Ihrig, Locust Ln (representing the Presby Museum, 127 W Broadway) – is concerned where buses or customers with trailers will parking when they are visiting the Museum. The Museum does have field trips and homeschool field trips at the museum and is worried about where they will park. She suggested leaving the public parking on

the 100 block of West Broadway so the public can park on both sides of the street and restrict the rest to one side parking or have all of it be timed parking. Also suggest restricted parking to cars only and no large trucks.

Jon Dove, Goldendale (representing the Presby Museum, 127 W Broadway) – is against eliminating parking because there won't be enough parking for their events.

Veronica Clevidence, 406 W Broadway – Would like us to use the empty lots on Main Street as overflow parking.

Dyana Moline – Rassouli, 315 W Broadway – Is in favor of no parking on West Broadway and complained about trucks that are parked and never move in front of her Apartments.

Roger Nichols, The Dalles – Asked if we did or are going to do a traffic study. Mayor, we have 3 different proposals if the council or committee wants to support that idea.

Miquette Ihrig, Locust Ln (representing the Presby Museum, 127 W Broadway)-Wanted to know if the Washington State DOT has a prescriptive easement?

Veronica Clevidence, 406 W Broadway – Is in favor of adding a stop sign at Mill and Broadway.

Helen Rolfe, Hoctor Rd (representing the Legion, 108 N Grant) – Does the city know what they are allowed to do because it's a state highway? Mayor, Yes, we have been in contact with DOT and the city has the authority to change parking. Adding the stop sign will have to be approved by DOT.

Dyana Moline – Rassouli, 315 W Broadway – is in favor of adding a stop sign at Mill and Broadway because it will help with the public crossing the road.

Jack Runyan, 194 Woodland Rd – is worried about people running the stop sign if we add one.

PUBLIC HEARING CLOSED AT 6:24 PM

AGENDA AND CONSENT AGENDA

Motion: I move to accept the agenda and consent agenda, **Action:** Motion, **Moved by** Council Member Andy Halm, **Seconded by** Council Member Danielle Clevidence Motion Passed Unanimously

DEPARTMENT REPORTS

Chief Mike Smith, gave the council an update on the purchase of 5 Flock cameras for the city. Three (3) will be on the entrances into the city and those will be a license plate reader and 2 will be security camera's at the parks.

Mayor Dave Jones, for public works, we had a preconstruction meeting for the Waterline Replacement Project. The residence that will be affected by the project will be noticed prior to the start of construction.

COUNCIL BUSINESS

Parking on West Broadway by Mayor Jones, The public hearing to discuss the parking options was held tonight. The option for the next step is to make a motion tonight regarding the parking options on West Broadway or make a motion to refer it back to the Public Works Committee for recommendations to the council.

Council Member Danielle Clevidence, we wanted a public hearing to be held to get more information regarding parking. Danielle would like to see lines painted on the road and your vehicle must fit into the lines if you want to park on the street. Danielle feels the issue of parking starts at the 300 block of West Broadway. Danielle gave the suggestion of having the residents have a parking pass to park on the street.

Council Member Andy Halm, if we eliminate parking, it's not fair to the homeowners. Andy does not agree with taking away all the parking. If we need to eliminate parking, then he would like to see us keep the north side parking. The Legion will be affected if we eliminate parking. When they have a big event, the streets are full. I don't agree with taking away all the parking

Council Member Miland Walling – We have walked West Broadway, and I thought we were going to possibly make parking on Grant Street. I think we should have no parking on the North side of the street, no RV parking and no Truck parking. I like the stop sign but I am concerned about accidents when people run the stop sign.

Council Member Theone Wheeler – is concerned about line of site issues on Mill Street. Theone is also concerned about how narrow Broadway is when you have cars parked on both sides of the street. I am not opposed to leaving parking in front of Golden Sands. Wants to find a grant to make a multi-story parking garage. If we eliminate parking on both sides of the street, the stop sign is vital. Theone would like to help the Legion get a grant to make their parking lot in a multi-story parking garage.

Council Member Ellie Casey – Is in favor of the stop sign but is concerned about the noise level. I would like to see the city post a sign that jake brakes are not allowed in the city limits. Agrees that parking is an issue.

Motion: I would move that we take this back to the Public Works Committee for them to make a recommendation to the council **Action:** Motion, **Moved by** Council Member Miland Walling, **Seconded by** Council Member Ellie Casey Motion Passed Unanimously

Council Member Danielle Clevidence would like the Public Works Committee to get the meeting minutes prior to the committee meeting.

REPORT OF OFFICERS

Council Member Miland Walling – is excited to see all the events coming up this summer

Council Member Danielle Clevidence – Walk Through Fire is the band we are having for Community Days, they will be playing in the dalles and encouraged everyone to go out and take a listen to them.

Council Member Theone Wheeler - Thanked the public for attending the meeting. The Kiwanis is having a duck derby. It will be at Ekone park on May 17th at noon.

Mayor Dave Jones - Thanked the public for attending the meeting. At the next council meeting we will have a recommendation for Collins Street Parking.

City Administrator Sandy Wells – reminded the public that they can subscribe to our website and get notifications.

OPEN PUBLIC COMMENT

Jack Runyan, 194 Woodland Rd – the council voted in red rock on the city streets, and it needs to be taken care of.

We are hustling to be ready. Let me know if you need anything else.

Is this the type of blurb you were looking for:

Using FY24 information, the airport collected \$14,614.15 in fuel sales in comparison to expenses totaling \$52,068.93. This represents a loss of \$37,454.78 which is part of the general fund overall activity. Any additional expenses will increase the loss experienced by the airport. The City general fund is limited on revenue growth based on the 1% limit on property tax increases. The other major component of revenue in the general fund is sales tax and that is limited to the sales in the City. The City could increase the utility tax on the water and sewer revenues to give some relief to the general fund as presented in the rate study analysis that was performed by FCS.

The petitioner shall be notified of the identification number and ballot title within this ten-day period.
- D. After notification of the identification number and ballot title, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than fifteen percent of the registered voters of the City and to file the signed petitions with the City Clerk.
- E. Each petition form shall contain the ballot title in the full text of the measure to be referred. The City Clerk shall verify the sufficiency of the signatures on the petitions.
