COUNCIL BUSINESS

Master Interlocal Service agreement with Southwest WA Regional Transportation Council by Mayor Dave Jones – In January 2025, the Southwest Washington Regional Transportation Council (RTC) learned about a grant opportunity and submitted an application. The City of Goldendale identified a need to improve sidewalk conditions and pedestrian connectivity within the city right of way. This project aims to address those concerns by improving accessibility and walkability through better data and informed planning. With support from the grant, the City of Goldendale will collect detailed information about sidewalk widths, surface issues, and barriers to pedestrian travel. This data will be added to the statewide OS-CONNECT dataset and used by local leaders to prioritize future sidewalk improvements. As the seat of Klickitat County, Goldendale currently lacks verified information on its sidewalks – this project will help fill that gap.

Adam Fiss with RTC – discussed how the Grant works that it is a mapping exercise for the sidewalks and that they will be assisting the city through the process.

Motion: I move to authorize the mayor to execute a master interlocal service agreement with Southwest Washington Regional Transportation Council, **Action:** Motion, **Moved by** Council Member Danielle Clevidence, **Seconded by** Council Member Andy Halm
